\*A Lexile is a measurement of the reading level of a book. Lexiles for most books can be obtained on [www.lexile.com](http://www.lexile.com) by typing in the title in the search box. When your child takes the MAP testing at school, your child's lexile reading level is determined and will be on the MAP test scores for you.

Reading Levels L-M are similar to 300-399.

Level N is 400-499 and Levels O-P are 500-599.
