Monona Grove School District Selects Eppstein Uhen & CG Schmidt for Facilities Planning Process

Monona, WI - The Monona Grove School Board and administration is pleased to announce the selection of Eppstein Uhen Architects (EUA) and CG Schmidt (CGS) Construction as the team of experts to guide the District's upcoming facilities planning process.

With the support of a ten member Long Range Facilities Planning Committee, this team will create a comprehensive facility study to be utilized by the District for future planning and decision making related to educational programming and other facility improvement needs. The Board formed this Long Range Facilities Planning Committee, which includes two Board Members and community members, to meet with EUA and CGS throughout the coming months. The Board has set several goals for the Committee, which include analyzing the buildings, reporting the findings and making recommendations to accommodate future growth. This will be accomplished by conducting on-site tours of each school, assessing the life cycle of current systems and equipment, and completing a building usage and capacity study for each facility. The compiled results will be used to shape a long-term facilities plan for the district.

The Eppstein Uhen and CG Schmidt team will work with the Board, Administration, Facilities Committee and Staff to meet their goals, while keeping the community informed. These two firms are leaders in K-12 design and construction. They have worked together for 20 years and have completed over 50 projects together. The firms will be managing this project out of their respective Madison offices.

-- MORE --

Eppstein Uhen Architects is a 107-year old, full-service design firm best known for pairing inspired design with exceptional client service. More than 125 employees in Milwaukee, Madison and Des Moines are challenged to go beyond design by demonstrating unparalleled commitment to the markets they serve, the community and their clients. The award-winning firm specializes in several distinct markets: workplace, education, retail/mixed-use, senior living, healthcare, residential, public, industrial, master planning and interior design. For additional information, please visit the company's website at eua.com.

CG Schmidt, a family-owned company since 1920, is a leader in quality construction management, general construction, and design-build services in the Midwest. The company serves the markets of community, healthcare, education, senior living, corporate, industrial and religious facilities. CG Schmidt's notable projects include the Milwaukee Art Museum's Calatrava Addition; Spectrum Brands New World Headquarters in Middleton; University of Wisconsin – Madison's Union South and Carson Gulley Center; Beaver Dam School District; and Monroe Clinic Hospital in Monroe. For more information, please visit the company's website at cgschmidt.com.
