

**Excel**  
**5301 Monona Drive, Monona WI 53716**  
**608-221-7660**

The Excel program provides tertiary support in a Positive Behavior Interventions and Supports (PBIS) model. Explicit instruction is provided on each of the classroom expectations through the SOAR (Scholarship, Organization, Accountability, Respect) class daily. Students learn, model and have the opportunity to practice expected behaviors.

*Mission*

- To promote healthy decision making and citizenship
- To foster social/emotional growth
- To improve academic outcomes

*Vision*

To provide a caring and engaging learning environment in effort to prepare students to become confident, healthy, life-long learners.

**Curriculum:**

Excel provides an alternative cross-curricular method of study in effort to promote student engagement and learning. Units are completed on a quarterly basis to include:

- Health and Choices
- Psychology and Behavior
- Society and Self-Image
- Independence and Resilience
