

Online Registration for Families of Currently Enrolled Students

In May, we require parents of currently enrolled students to register their students for the upcoming school year using the online registration link located in their Infinite Campus Parent Portal. In cases where there is a split household, only the guardian in the “**primary**” household will be able to register students. This is to avoid duplicating students, and their information.

1. Log into the Infinite Campus Parent Portal.

2. Click the [Online Registration](#) link located in the bottom left corner in the Parent Portal.
3. The **Currently Enrolled Student Registration** welcome page will open. You will see a list of your students who are currently enrolled.

4. Click **Begin Registration**.
5. The Language Preference screen will appear. Select your preferred language to complete the application.

6. The “Authentication” page will then appear. Please type your full name in to verify you are the authorized person for the user account.

Type your first and last name in the box below to authorize the start of the online registration. The data you enter and verify should be accurate and true to the best of your knowledge.
