

## 2023 OPERATIONAL REFERENDUM

**Monona Grove students learn in a safe environment and are deeply cared for.**

**This proposed referendum would:**

**Preserve and maintain what we have today:**

- **Keep teachers and staff** at the levels they are now, and offer more competitive pay in order to **attract and retain the high-quality** teachers and staff our students deserve and our community values.
- **Keep student support** services and programs as they are now.
- **Keep class sizes** where they are now.

**Provide stability for district planning and for residents**

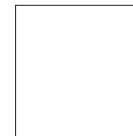

- The majority of our costs are ongoing (staffing, transportation, utilities). A recurring referendum allows the school district to incorporate **long-term fiscal plans** in the budgeting process.
- Projections show **stability** in the tax rate for our community over the long term.

## 2023 OPERATIONAL REFERENDUM

If the referendum is not approved on April 4, **immediate action** will be needed to address the \$6 million deficit in the budget beginning July 1, 2023. We will need to make cuts to our largest expenses, **including staffing**.
